La Fetra writes to Mr Krauser

I do not know how to advise you fully in the matter in hand. Wish understood whole thoroughly Suppose D T's offer means - first In reference to his own church that they will be glad to have you supply the pulpit Sunday evenings till they can get out another man. If you can do so & thus assist in maintain g a S. Ev g service & do some good I would say do so by all means. 2nd About the whole change in plan of the sailor-work am at loss to know what to advise. Have never from first had any faith in the permanency of the work on the plan on which it was begun.

It has been a cont. wonder to me that it has stood thus long. I have been prepared to hear of its collapse at any time.

If Dr T. & people willg to support sailor work as part of the mission work of their church & will allow you to work in your own way, you can do as much work & as good work as in any other way for the present at least.

— Will they allow you to work in yr own way & gather your fellowship band & have it entirely distinct from the Ch:

— or will it be the fellowship band of Union Ch. & will its members need to be or become members of that

church: — can it be allowed to grow into an Indept church: or what w'd be the idea?

You are aware already I have no faith — in a Union Ch. as alive earnest soul saving Ch. the cause of Christ has only been built up & stable on ... by denom work.

Knowing we are all working on denom[inational] lines & are pledged to continue in this way until the people shall choose their way themselves —

Dr — will understand my convictions in this matter

I believe our own work will only reach its highest success when it is fully organized & under the Ch. regularly. I think the ... is

making is in and being done strict in his distinct lines as the work in Valpo increases in apprs to come I am certain it will break up into regular denom[inationa]l work. [Also?] the pol[icy] of the Church work in that City now is Union work & I don't think it our place to inaugurate any new policy while the old one continues to work even as well as it has done in the past. I don't think you will be going beyond the plan of our work if you accept the offer of the Church as you report it to me.
If however they will wish you to abandon [illegible]

Ch. relations & withdraw from the Assn & disconnect yourself from Mr Sadler this work & have no work in noway Connected with him & our Assn work then I wd say to you Consider such a step well before taking it for it wd sever no connection with the Ch. & the Assn & make it impossible for you to be ordained when the Bish. arrives in Nov. I must however that the people will be willing for you to retain your present relations thro' your fellowship [illegible] separated unless indeed the members choose to join the Ch.

I may suggest then something like this: If the Ch. wishes you to assist in the ev. services do so. If

they wish to take the work in the Bay as a mission of the Ch. I claim you as chaplain do so provided they leave you untrammelled to work among the seamen or with classes on shore as now — I do not insist on your severing your Ch. relations & connections. This wd be virtually making the Sailors work a kind of Union enterprise, & cd be considered as much a part of our work as of theirs.
I have always considered that Dr. was altogether in favor of our working on our own methods & have never thought he in any way wished to impose his religious policy on our work which is in so many

was essentially different from his
I hope you will be able to fully
understand this matter before
you go into it. —

Valparaiso Jan. 7. 1882
Rev.d Dr. Ellinwood
My dear brother,
Br. Merwin is not very well & is resting out of town for a few days; was in to see me this morning — having conducted the Spanish prayer-meeting (a peticion de prayer) last [illegible] in the Union Church.
He read me yr letter of Dec. 19: and [illegible] I [illegible] this it.
1. The most important point now to be sd is to secure for the Union Ch. in this city, the [illegible], a good, zealous, working, prayerful & capable assistant minister. My health is better but not to be relied on for much or long; and [illegible]

are anx. to obtain one who may
aid in & succeed to the work.
For mos. an application on this
subj. has been in hands of friends
in G. Brit., but they [illegible] yet suc-
cess.
How can you put us in com-
munication with a suitable
man? It will be a great thing
for Fr. missions in this Co. to
have the right man in the place.
The U. Ch. will provide his passage
out & his support when here, [illegible]
[illegible] anything, there is more [illegible]
[illegible] than the Span. Evang. are
[illegible]; this [illegible] demands
instant attention. They [illegible]
send out the young man
[illegible]

here for 6 mos. he needed to write with me here? That w'd give him to find if he w'd like the activity & vitality of the work — and whether the Bish w'd like him. If not — otherwise provided there can be little doubt they w'd engage him. They w'd do so today were such a man on the ground. The Bish: or Comp. w'd make no diff. there.

2. Mr. Mervin feels that the Cottage man ought also to be so here and thus you w'd have to find two instead of one. Tho' the 2nd might come later, when it had been found that the first was suited to remain here, being in English with me.

...n'd have, too + the expense
only of one; or seeing that of
the other.
In this place you c'd send the
man ...ther after graduat-
ing taking for him a
through ticket — at Pacific
Mail office, but — coming as
your man — it w'd simplify
e for the people to sought they
w'd ask you to let him remain
permanently with them; after
he c'd go on to the land + work —
...has no authority to com-
...mise any thing — only of
...ience of the result if you
...d such a man as this
you describe.
It w'd also prove easy to
[illegible]

trouble there. wd be that
Saint. being supplied there
wd be one here to work when
& as Mission may suggest.
Because the man you send
to suit us, my congn, you
will have no expense & we
w repay you this Jan: and
I think it w be a mutual
benefit to &c. & my flock.
As to the House — the wish
has been to have a good man
as teacher for the School &
his wife superintend the House.
The teacher leaves — has left
in fact — and we need a new
one — who if a man of godly
char. w be in a position
to do much for the Gospel. as

as the house has been [illegible]
he might take a [illegible] in
[illegible]. But that is how that
the Treas[r] wd not have the
burden of supporting him
or the Matron of the House,
have in fact, much of the
support - so be paid him
in case you fall in with what I
[illegible] about the pr. and it is
settled for him to come in Mar
you might send me a tele-
gram (costing [illegible])
via England. Have only the
address 'Trumbull [illegible]'
and I will be told be to say he
is engaged to come for [illegible]
[illegible] [illegible] of days. Unice

2. Should it be that they are formed & can come instead of Union say 'Sanitary'-

3. Should school be provided for, add 'School' to either of the others & if teacher & pups be provided let the word be ~~'School'~~ 'Home'

Yours most truly
F. N.

Valparaiso Jan. 21. 1872.

My Dear Dr. Ellinwood.

In further reference to the asst. minister for my own church I read to the Presidential [illegible] last [illegible] my letter to you of a fortnight ago: and they coincided with it so far as [illegible] was express'd - the only [illegible] being that, in case word [illegible] arrive [illegible] [illegible] that a man was found & [illegible] ready to [illegible] - and the [illegible] home [illegible] to send for him by tele-gram, and [illegible] days or 2 later p. [illegible] "Union" that it might have [illegible] communicated with you for his passage money and support for 6 mos. I [illegible]

that all was done in the letter to you,
but again think it is well to
repeat that he sh. come out as
Dr man en route for Santiago,
but authorized to remain here
for a time, ~~and~~ it being
understood that the Cong:
here, if not otherwise provided
for, might invite him to be-
-come a pastor: in wh. case they
w^d reimburse you his passage money
and relieve you of all expense
for his sustenance. Again allow
me to press on your attention
the importance of this position
fill^d by a man in sympathy
with yr mission & missionaries
[illegible] but we may infer [illegible]
to be the case were a godly
young man to be sent out from
a great distance, whence I sh^d not

come one without any result;
but still the possibilities are
that a man selected and sent
by you will be able to understand
our aims and aid our missions
more than any other. I shall in
any case write to Prof. Fisher
at [illegible] Haven to enquire if he
has done anything or has
anyone in view: and if you
will be quite sure that all is
clear and write to Chaplain
[illegible]. James St. Liver-
pool to enquire whether they
have arranged for old Church,
letting them know that we are
[illegible] ready to join them.

Yours very truly & fraternally
[illegible] in prayer that he might be
guided

&c. Mr Garnie has not to
[illegible] used so better. He & the
ministers have been with me this
week in meetings of the mission.
The wants of land are easily felt.
We are very anxious about the
policy of the U.S. govt. in this
question with [illegible]. It has
put us into great suspicion
& disfavor as a nation, and we
will we feel the weight of it.
We do hope Hurlbut and Adams
have been recalled, and think it
was high time Mr Blaine
ceased to be Sec. of State.

TRIBUTE TO HEROISM.

Tardy Recognition of the Valor of American Sailors.

[From Our Special Correspondent.]

VALPARAISO, S. A., Aug. 30, 1881. A naval engagement in this harbor Feb. 28, 1814, between the United States frigate Essex and two British ships, the Phœbe and the Cherub, resulted unfavorably for the American arms. There was no foreign cemetery here at that period, and the remains of some of the slain, as is supposed, were buried in the forts, from whence they were removed to the present cemetery in 1847. It was suggested to the officers of the Richmond, the American flagship, in 1876, that it was desirable to erect a memorial for the slain in the battle, and they collected a sum of money for the purpose, which was supplemented afterward by the United States ships Omaha, Adams and Pensacola, making $390 in all. A handsome marble monument, in the form of a sarcophagus, has been erected on a solid base of cement and brickwork, two and a half feet high, on whose four tablets are inscriptions of the names of the officers and seamen, which were obtained from Commodore Porter's book, "A Cruise in the Pacific." The inscription reads as follows: "In memory of the officers and seamen slain on board the U. S. frigate Essex in this harbor in an engagement with H. B. M.'s frigate Phœbe and brig Cherub Feb. 28, 1814:

"Lieut. James P. Wilmer, Lieut. John G. Cowell; Rheuel Marshall, gunner; Francis Bland, quartermaster; Henry Kennedy, boatswain's mate; William Smith, boatswain's mate; John Adams, Peter Allan, John Alvison, James Anderson, Thomas Bailey, George Beden, Thomas Brannock, Thomas Brown, Robert Brown, Henry Buff, Daniel F. Cassimere, William Christopher, John Clinton, Thomas Davis, George Douglass, Lewis F. Earle, Joseph Ferrell, Thomas Ferry, James Folger, Francis Green, Frederic Hall, George Hallet, Benjamin Hazen, George Hill, Mark Hill, John Jackson, William Jennings, Thomas Johnson, William Johnson, Peter Johnston, John C. Killian, William Lee, John Lings, Zachary Mayfield, Samuel Miller, Thomas Mitchell, Thomas Nordyke, Charles E. Norgran, John Rowell, John Ripley, Thomas Russell, James Sellers, Philip Thomas, Cornelius Thompson, Henry Vickers, William White, William Williams, William Wyne, seamen."

One of the tablets bears the following: "Erected in 1881, by Rev. Dr. Trumbull and Gen. L. H. Foote, United States consul, aided by Dr. Howard E. Ames, assistant surgeon, U. S. N., and officers of the United States ships Richmond, Adams, Omaha and Pensacola." Gen. Foote, the United States consul, has manifested his hearty sympathy, coöperating personally and officially in the completion of this work of respect for the valiant dead. The total expenditure has been $466, leaving a deficit of $76, of which he has insisted on bearing the larger part.

Be so good as ask him to suspend operations. I too shall write him. Have not yet seen Merwine but shall at once let him know that 2 men are coming. I do trust the one you loan to us for 6 mos. may prove such that the Ch. may take to him and provide him a place. An inferior preacher will not suit them. Rev. E. F. Howe

Dr Bro.

Your letter of Feb. 15 was very welcome and enclosures so encouraging. I said, why here is the man whom the Lord has been preparing for the post, and seemingly one that takes in the situation so widely and knows its importance. Next mail no doubt I shall hear further from you and about his visit to you.

There is now only one difficulty: I had written in January to Dr Ellinwood Presb. Bd For. Missions asking would it not be possible to allow a missionary they were about to send for Spanish work in Santiago to tarry 6 months with us here, as their loan-loaned to us — to go on with Spanish

work later, unless our congregation should wish him to remain with them permanently in which event it was understood they could retain him. In case the B^d consented they were to send us a telegram the word <u>Union</u>, and in case they would send another still for Santiago – to telegraph the word <u>Santiago</u>. On the 3^rd instant this latter word came. So that in May or June one is to come out whom we can settle in case he is suited with us and we with him. But for this Mr Jenkins would have been sent for I am sure: and now I beg you to induce him to remain where he is until we have a chance to find out the qualifications of this brother from N. York. Should he prove a fitting man for us and be willing to cast in his lot with

us we feel bound to call him, but
if not there is little doubt Mr J.
will be sent for. More will be just
hold on till say January 1883
Meantime we can be obtaining
more information about us and our
work, and in fact there may be
other openings beside to which many
be in my power to commend him.
Is he Presbyterian church man and also
has had it borne in on him to con=
template the conquest of this Dominion
of S. A. for the Gospel, I hope
he may be willing to hold on.
His letters seem to indicate him
to be a man to whom the banner
I have tried to hold up could be
transferred with hope he would
hold it up for years to come. On score
of health I am confident he would
find this climate favorable.
You will see we are bound in honor

to wait the action of the Pres. Board.
The committee expressed themselves
grateful to you for all the pains
you have taken. So do I thank you
a hundred times for all you have
done.
I shall write Ellinwood to let you
know if anything occur to prevent
their sending out the young man
they have intended coming to us,
as also to telegraph to us to that
effect. And in that case should
my congregation resolve on calling
Jenkins, I shall send you a tele=
gram in which the word Vocation
will signify that they invite
him to come out as soon as he can
via Panama, and that you are
authorized to call on our John
for funds to pay their passages.
Pacific Mail S. S. Co. N. Y. will

furnish through tickets to them for him and his wife both at our expense. But it would ~~have~~ been in the hope he would come to make a life-long work of it; not as some do for a trip and to see the world.

THE SALEM WITCHCRAFT.

Whatever mistakes our fathers made be-
ged to the times, and were fully shared
other civilized peoples. Thousands were
ecuted in the different countries of Europe
this century; four thousand in Scotland,
s said, within ten years, not far from the
ne of the Salem witchcraft. Sir Matthew
le condemned four to death about 1664.
ief Justice Holt a few years afterwards
ntenced many more. In Sweden, there
s a manifestation similar to that at Salem,
d occurring about the same time, but more
vere in its consequences.

The excitement at Salem came and went
a twelvemonth. It was a swift and
nding storm that lifted the people from
eir feet and threw them from their bal-
ce for the time; and when it cleared away,
left Massachusetts in advance of the rest
the world on this subject. It was the first
vilized State to abolish executions for
tchcraft. The last execution in England
as in 1716, and the law making it a capital
fense was repealed in 1736. The last exe-
tion in Scotland was in 1722, and the stat-
e against it was repealed in 1736. The last
ecution in Germany was in 1749, and the
st in Switzerland was in 1780. J. M. B.

A FORE-GLEAM.

I find in Carlyle's "Signs of the Times,"
ritten in 1829, a characteristic description
the British Bible Society. The quotation
ay be of interest as indicating that recent
iticism of the American Bible Society is
ly a fresh instance of history repeating
elf: "Then we have religious machines,
all imaginable varieties; the Bible So-
ety, professing a far higher and Heavenly
ructure, is found, on inquiry, to be alto-
ther an earthly contrivance, supported by
llections of moneys, by fomenting of vani-
es, by puffing, intrigue and chicane; and
t, in effect, a very excellent machine for
nverting the heathen." FLEUR-DE-LIS.

PASTE.

How may a home-made paste be prepared
at will not sour? L. T.

To make a cheap paste, dissolve a piece of
um as large as a walnut in a pint of boil-
g water, then add and boil two table spoon-
ls of flour, first made smooth in cold water.
hen cold, add a few drops of oil of cloves,
boil in two or three cloves. This paste
ill keep a long time, and is vastly better
an mucilage for ordinary study use.
